Office & Industrial REIT Metrics Update 8/26/16 - With Two Upcoming Conference Calls

- *We will hold our semi-annual Funds Flow Update conference call on 31 August 2016 at 11 AM ET. The invitation is attached. There are a number of moving pieces including positive Japanese retail funds flows and the strength of ETF funds flows relative to weakness in actively managed funds flows.*
- *Also on the schedule is our semi-annual NAV Creation/Destruction Update conference call, which is scheduled for 7 September 2016 at 11AM ET. Again, this invitation is attached.*
Pricing as of close 8/26/16

-
- Despite excellent YTD 2016 performance, we continue to like Industrial REITs and have Buy ratings on six of the eight we cover. We expect industrial fundamentals to continue to modestly surprise to the upside and look attractive relative to other property sectors.
 - Despite recent positive performance following 2Q16 earnings calls, we continue to favor Gateway City office REITs including Vornado (VNO, Buy, \$102.24), SL Green (SLG, Buy, \$115.52), Empire State Realty Trust (ESRT, Buy, \$20.98), and Kilroy Realty (KRC, Buy, \$70.26) due to a combination of fundamentals, real value-add platforms and attractive valuations relative to suburban or low barrier office REITs, which are often (but not always) encumbered by weak fundamentals and a pension fund advisor type, generic platform.

Below, we have our 2Q16 Earnings wires for each company under coverage (in chronological order from most recent reporter to first reporter):

- Lexington Realty Trust (LXP, Hold, \$10.79) - Since the February 2016 bottom, LXP has performed nicely as a yield play rose amongst the thorns. [400 Meter Sprint. Maneuvering the Curves Easily. Maintain Hold.](#)
- Vornado - VNO continues to be a complicated story but there have been additional steps toward increased transparency [26.2 Mile Marathon or 10K Open Water Swim? Glory for Those Who Finish. - Mack-Cali (CLI, Buy, \$28.07) - As CLI moves into their new Jersey City, NJ offices, they continue to execute on their two-year plan. [High Jump. - Rexford Industrial Realty (REXR, Buy, \$22.06) - As the only industrial REIT completely focused on the SoCal market, Rexford continues to succeed with their single-market focus. [Sailing - Keeping the Rexford Yacht North of the Equator. Maintain Buy. TP Up to \\$24.50.](#) Rexford also recently announced a preferred equity offering: [Rugby Returns to the Olympics. Preferred Shares Returning to the REIT Capital Stack. Buy.](#)
- Douglas Emmett (DEI, Sell, \$36.98) - Staying with the southern California theme, we think the West L.A. and SoCal office markets are solid, but we still have questions regarding DEI. [Beach Volleyball. What Else? Maintain Sell.](#)
- Highwoods Properties (HIW, Hold, \$52.93) - With one of the top management teams in REITland, HIW has been one of the top-performing office REITs of 2016 (up 24.7% vs. 14.0% for the RMS YTD in 2016). [Weightlifting; Heavy Lifting Looking Easy; Maintain Hold](#)
- Armada-Hoffler Properties (AHH, Buy, \$13.92) - The strategy is expanding, the portfolio is transitioning and the crew from Virginia Beach continue to be the Teflon dons in an environment that has gravitated towards yield plays. [Cycling in the Velodrome. Maintain Buy. TP Increased to \\$15.50/sh.](#)
- First Industrial Realty Trust (FR, Buy, \$28.58) - With new CEO Peter E. Baccile coming in, Mr. Duncan rides off into the sunset on a high note. [Cruising Through the Preliminary Heats. Increasing TP to \\$32/sh. Buy.](#)
- Duke Realty Trust (DRE, Buy, \$27.91) - DRE has risen up the ranks to become one of the top-performing industrial REITs YTD at 36.0% vs. 14.0% for the RMS. [Decathlon Continues. More Delevering. Target Price up to \\$30/Sh. Maintain Buy.](#)
- Equity Commonwealth (EQC, Hold, \$30.63) - Sooner rather than later EQC will have some serious decisions to make regarding the portfolio they want to own in the long term. [Javelin Throw? Javelin Catch? Hold.](#)

- Terreno Realty Trust (TRNO, Buy, \$26.87) - Although TRNO has been the industrial laggard under coverage, we still believe no new supply and declining inventory is a good thing. [Open Water Swim. Finally Swimming with the Cost of Capital Current. Maintain Buy.](#)
- Washington Real Estate Trust (WRE, Hold, \$32.65) - We recently hosted the WRE management team to some investor meetings, here are our take-aways: [Maryland Athletes Win Twenty Olympic Medals While WRE Happy to Exit Maryland Office Market. excellent Washington, D.C. proxy, in our view. [Sweltering Summer. Coolly Rowing on the Potomac. Eight Man Boat. Maintain Hold.](#)

- Parkway Properties (PKY, Hold, \$17.47) - Until additional information is provided in the coming weeks on the merger-spin with Cousins Properties (CUZ, Hold, \$10.73), there shouldn't be many catalysts. PKY: [Synchronized Swimming. Teammates Include Cousins Properties and Oil Market. Hold.](#) CUZ: [Synchronized Diving. Synchronized to Parkway and Oil Prices. Maintain Hold.](#) A look at our initial valuation on the merger spin-off from PKY's view: [Smart and Expensive? Expensive, but Smart? Isolate Houston Purgatory. Hold.](#)
- Boston Properties (BXP, Buy, \$140.49) - BXP sticks to what they are great at: 1) Strong development pipeline and 2) great submarket recognition. [Michael Phelps & the U.S. Swim Team. 2Q16 Earnings Analysis. Maintain Buy.](#)
- Franklin Street Properties (FSP, Hold, \$12.77) - FSP is very much a dividend-yield name with low cost debt helping maintain FFO. [Archery. Gradual Leveraging Up Keeps Valuation Metrics Static. Hold.](#) FSP also recently announced an equity offering in conjunction with their acquisition of Pershing Park Plaza in Atlanta, GA as well as to fund some of the redevelopment at 801 Marquette Avenue in Minneapolis, MN. [Long Jumping to Lower Leverage. Smart Equity Raise. Hold.](#)
- Kilroy Realty Trust - Even with "tech bubble" headline risk, KRC is doing too good a job to be on the sidelines. [10,000 Meter Run with Usain Bolt Leasing Expectations. Maintain Buy.](#)
- Liberty Property Trust (LPT, Hold, \$40.52) - A dividend cut at a time when the incremental generalist investor is snooping around for yield plays has slowed the 2016 run-up of LPT. [IOC Intervenes. Dividend Cut. More Involvement Needed. Maintain Hold.](#)
- SL Green Realty Corp. - Although SLG has underperformed the RMS (3.8% vs. 14.0%, respectively), it looks to have righted the ship and is poised for a strong finish to 2016. [Weightlifting. Positive Re-leasing Spreads vs. Heavy Lifting Related to Market Perceptions. Target Price Up to \\$121/sh. Buy.](#) We also increased our price target following their recent JV partnership with Prudential for Eleven Madison: [Hammer Throw. Full Block of Buildings Disappeared. - Prologis (PLD, Buy, \$53.31) - Although there are many moving pieces here, and it may be confusing to the general investor, NAV creation has continued. [Decathlon. Excelling in Numerous Events. Value Creation Continues. Lease Economics Creating Value \(New Analysis\). Buy.](#)

The equity research analyst(s) responsible for the preparation of this report receive(s) compensation based on various factors, including Stifel's overall revenue, which includes investment banking revenue.

Our investment rating system is three tiered, defined as follows:

BUY -We expect a total return of greater than 10% over the next 12 months with total return equal to the percentage price change plus dividend yield.

HOLD -We expect a total return between -5% and 10% over the next 12 months with total return equal to the percentage price change plus dividend yield.

SELL -We expect a total return below -5% over the next 12 months with total return equal to the percentage price change plus dividend yield.

Occasionally, we use the ancillary rating of **SUSPENDED** (SU) to indicate a long-term suspension in rating and/or target price, and/or coverage due to applicable regulations or Stifel policies. **SUSPENDED** indicates the analyst is unable to determine a "reasonable basis" for rating/target price or estimates due to lack of publicly available information or the inability to quantify the publicly available information provided by the company and it is unknown when the outlook will be clarified. **SUSPENDED** may also be used when an analyst has left the firm.

Of the securities we rate, 49% are rated Buy, 42% are rated Hold, 3% are rated Sell and 6% are rated Suspended.

Within the last 12 months, Stifel or an affiliate has provided investment banking services for 15%, 7%, 0% and 13% of the companies whose shares are rated Buy, Hold, Sell and Suspended, respectively.
